

THE PLATFORM

YOUR NAME. YOUR PLATFORM.

LIAM
REARDON

One app, built entirely around your personal brand. Three elements — a creator & model directory, a members' community, and an academy — all bespoke-built and funded by GroAI, with you as the name and the face.

TURN THE NAME INTO THE BUSINESS

Your brand is the **product**.

Right now the money is brand deals — **one-off, then gone**. You've built a name and an audience most people never will. The move now is to put that name on **one platform you own** that people pay into every week, whether you post that day or not.

~900K

AUDIENCE ALREADY
FOLLOWING YOU

One name

EVERYTHING UNDER YOUR
PERSONAL BRAND

Every week

RECURRING INCOME, NOT
ONE-OFF

The shift: stop renting your audience to brands one post at a time. Point it at a platform with your name on it — and get paid on repeat.

A brand deal pays once.
Your platform pays **every week**.

ONE APP · THREE ELEMENTS · ALL BESPOKE

Three elements. One platform.

Built from scratch for you — **not rented software**. One login, your branding, and each element feeds the next.

ELEMENT 1

The Directory

Content creators & models across every industry & location. Full profiles — socials, videos, photos, rates. Brands find and book them direct.

ELEMENT 2

The Community

A paid members' community & chat — the Patreon-style layer. Exclusive content and direct access to you.

ELEMENT 3

The Academy

Learn how to actually do social media — grow, get followers, get paid. Your name behind the teaching.

Why one app: people come for you, join the community, learn in the academy, get listed in the directory, and get booked. Three income lines, all under your name — bespoke-built and funded by us.

Not three products. **One brand — yours.**

THE ENGINE — THE BIT PEOPLE WILL TALK ABOUT

Creators & models,
booked direct.

Creators and models across every industry sign up and build a **full profile**. Brands, photographers, clubs and businesses search it by industry and location — and book them direct. Your name is the badge of trust on all of it.

WHO BOOKS THEM

Ready-made demand

Brands wanting UGC and faces · fashion & clothing labels · photographers building portfolios · clubs, events & promoters · businesses that need talent — all searching your roster.

The recruitment engine

You post "I'm looking for creators & models who want to blow up." They apply, they list, they pay to be seen — and the best get **featured on your page**. Exposure to your ~900K is something no agency on earth can offer. It fills the directory for you.

Not a gatekeeper agency: no 20–40% cut, no lock-in contracts. A low weekly fee to be listed, they keep their money — and that's exactly why it fills fast.

THE NUMBERS — TURNOVER PER WEEK

Built to grow to
£30k+ a week.

Weekly turnover ramps as the directory fills and the community grows. Conservative — the scaled number is still under 0.2% of your audience paying in.

AT SCALE — WHERE THE WEEKLY £30K+ COMES FROM

ELEMENT	BASIS	PER WEEK
The Directory Listings + brand bookings	~1,000 creators listed + brand side	£18,000
The Community Membership + chat	~1,500 paying members, blended tiers	£7,000
The Academy Learn social media	~120 course sales / month	£5,500
Total turnover	per week	£30,500

That's ~£132k a month — about £1.5M a year, recurring, whether you post that week or not. And it's deliberately soft: 1,500 members is under 0.2% of your following.

WHY GROAI — AND THE DEAL

We build it bespoke.

We fund it.

We build you **your own app** from scratch — you own the members, the data and the brand, you pay no platform's cut, and our AI runs the matching and the heavy lifting behind the scenes.

YOU OWN IT

Bespoke, not rented

Your name, your app, your audience. No Patreon or agency tax skimming 10–40% off the top.

OUR EDGE

AI does the work

Matching bookers to talent, content, running the community — automated, so it barely needs your time.

THE DEAL

We build & fund it

The investment is ours. Revenue-share partnership — nothing for you to pay upfront.

YOUR ROLE

~1% of the work

You stay the name and the face. We carry the cost, the build and the running of it.

In one line:

 we invest and build you a real, recurring-revenue business with your name on it, growing toward £30k+ a week — you barely touch it, and you earn from what it makes.
